CAREER OBJECTIVE

A results-driven frontend developer with expertise in React and Tailwind CSS. Strong track record of creating dynamic and visually appealing web applications. Skilled in translating design concepts into responsive and user-friendly interfaces. Committed to delivering exceptional user experiences and staying updated with industry trends. Collaborative team player with a passion for clean code.

EXPERIENCE

Frontend Developer

Lorddube Logistics Energy

May 2023 - current

- Developed a business website for a company specializing in the sales of oil and gas tools using React and Tailwind CSS.
- The website significantly improved the company's online presence, attracting a broader customer base.
- Increased customer engagement and conversion rates, resulting in a noticeable boost in sales and business growth.
- Implemented responsive design principles to ensure optimal user experience across devices.
- Created intuitive user interfaces and enhanced frontend functionality.

MANAGER

NiLi by Brenda

March 2022 - October 2022 / Enugu, Nigeria

- Collaborated closely with the CEO to align business objectives, develop strategies, and ensure the smooth operation of the company.
- Maintained strong communication channels, facilitating effective information flow between the CEO, cross-functional teams, and external stakeholders
- Successfully managed a team of four employees, fostering a positive work environment, providing guidance, and delegating tasks to maximize productivity and achieve business goals.
- Demonstrated exceptional time management skills, effectively prioritizing tasks, allocating resources, and meeting deadlines to drive efficiency and maintain high-quality standards.
